INTERNATIONAL PACIFIC.

his disinterested hospitality. An Appeal for it from the New York Round Table.

We have before now laid before our readers the plan of the contemplated In-ternational Pacific Railroad, as outlined a bill now pending in Congress. there already exists a railroad line from ledo, on the Canada border, through Indianapolis to Vincennes, Indiana; and Gen. Burnside is building a continuation from Vincennes to Cairo, Connecting with this road at Cairo, the International Pacific road will pass through the southeastern corner of Missouri, through the center of Arkansas and the most populous part of Texas, to Larado, on the Rio which five are used by the colored childer. Grande, whence it continues, bifurcating, dren. Teachers' institutes are to be orto the city of Mexico, and to the port of ganland in a few days in each of the San Blas on the Pacific coast. The imgrand divisions of the State. Dr. Sears, portance of such a road cannot be overagent of the Peabody foud, will be in the State about that time, and will probably with the North, New York, Pennsylvaender some assistance in the matter. nia, Ohio, and the Western States with

The Shelbyville Rescue says: We Arkansas, Louisiana, Texas, and the hear it binted that the vote at Winches tier of southernmost States-the frozen ter and two or three precincis in Coffee regions of Canada with the torrid plain and Lincoln counties, are to be thrown and valleys of Mexico—the Great Lakes out in order to give Mr. Tillman a Easti with the Pacific. It curs a large number of the great rivers of the continent, whose commerce will be tributary to it. It does not pass through an undeveloped country, but through a territory already peopled and giving an annual produc-tion of vast wealth and importance. Cities, towns and villages will rapidly be founded along its entire line. Other roads, running east and west upon a 12th inst. eavs: "The case of the State parallel of latitude, can facilitate only against Emory Kizer, charged with the exchanges which Eastern commerce calls from the Western farmer; but this line, having its northern terminus on Lake Erie, in latitude 41°, cuts all the incase tried in this county since the close, of the war. The prisoner was of the South readily reach the North in summer, and those of the North as read-ily reach the South in winter; it opens the natural exchange of Northern

terday in connection with whether we the South and the North and West toawyers and other interested parties, that | It is satisfactory, therefore, to see Judge Shackelford will re-open the that intelligent people in the Southern closed term of the Chancery Court to-States are being aroused to the impormorrow, for the trial of causes which tance of this work to them. At a public cannot very well be deferred until the meeting, held the other day in the city April term. This done, it is not improbmeeting, held the other day in the city able that Judge Shackelford will accept with the duty of inviting the attention the proffered position as one of the Judges of the people of the States South of the Ohlo and east of the Mississippi to the subject of a Pacific railroad, and securing their co-operation in some plan which Il extend to the citizens of these States the benefits of the enterprise. The comtee includes prominent members of the business community at Memphis,

who, on the 10th inst., made and published a very able report upon the This demonstration of one of the ring blessings alike on the North, the South and the West. That the South-ern people, in their present prestrate con-dition, should ask for help in the loan of the national credit, in building or completing those projected links which would unite the entire railway system of the South with this great international thoroughfare, is untural and reasonable. To build the International railroad itself the credit of the Government-in other words, the loan of Government bondsis asked only to the amount of fourteen millions dollars. Six or eight millions more would probably complete the three connecting links—that is, from Memphis, Vicksburg and New Orleans—with the main stem, making at most but a total grant in aid amounting to twenty or twenty-two millions. From a national control of the national control of th is asked only to the amount of fourteen

"RINGS."

The Combinations at the Capital for Swindling the Government.

The Washington correspondent of the Cincinnati Commercial writes: That you may begin, betimes, to unducts with those of Southern growth, derstand some of the influences that are and the exchange of builton from the now concentrating to besiege Gen. mines of Mexico for the manufactures of Grant for office. I will outline to you

First, there is the Pacific Coast Ring have a Chancellor et not. It now seems gether by the indissoluble bond of com-to be the settled opinion, however, of mercial prosperity. fornis, who want to get Government oney for various mining, draining and land-appropriating chimeras and plun-

At the head of this ring John Conness is a phisrly supposed to stand. Identied with him in various degrees, are Nyal Stewart and several Representatives. A large lobby of Californians, permanently resident here, "assist" upon the "hands" of their ringleaders; and of their enterprises are such matters as the Sutro Tunnel, the appropriation of Island and east lands to various yisionary corporations, etc. It is not alor any other "ring" are necessarily lishonest, but the combination of legis lators and outsiders to carry through any series of operations by Government belo This demonstration of one of the greatest commercial cities of the Misnissippl will no doubt bring a ready requal chance in his individual capacity, sponse from every Southern State. The Interestional road has the features to make it the great national line, confermable in t put at the head of the Interior Department, on the general theory that "the Pacific Coast will claim the Secretary of

the Interior. "What claim has the Pacific Coast to any Secretaryship?" I said to a Californian, yesterday.

"Oh! our people demand and expect it. They think it is their turn. We are interested in the Interior Department MEMPHIS, - - TENNESSEE more than anybody else, and know how to administer it.' ".Well, if you are interested, that

the family of Capt. Wm. Phillips, four cant in comparison with the great end miles north of this city, in the sudden death of his little daughter Bettie, a comparison of the contral Pacific roads governed to the contral pa death of his little daughter Bettie, a sweet child of eight or ten years. The sentence of the same in the supreme Court of the sentence of the supreme Court of the sentence of the supreme Court of the sentence of the supreme Court of the su

one railway that they voluntarily pushed their road in the direction of Santa Fe, hoping that Congress would find it in the ttornew torne torne at Law, say that he acted in self-defense.

A resolution in regard to the impression of the Pennessee river, and provement of the Pennessee river, and praying the aid of Congress for that purpose, passed the Tennessee Senate on pose, passed the Tenne head of the opposition to them is Etihu

names its "elate," and, armed with the impudence of riches, ineless that it is a proper fraction of intelligent power.

Incipient developments of a Mississippi Valley Bing were remarked here incipession, to insist upon the water highways of the interior being patronized and subsidized as liberally as the railways. So were there indications of a consolidated St. Lawrence River Ring. The Free Trade Ring you have heard of. The high, protective tariff people make a standing ring. The Indian Ring, popularly claimed to rally around Mix, the Chief Clerk of the Indian Bureau, a Connecticut man, who has held his office many years, will deserve some future. many years, will deserve some futur consideration. The New England Com

ercial Ring is also recognized here. COTTON--COMMISSION

POR SALE Spaig's, Dennell & Rosman A paragraph in the Asheville paper says that the Eik Mountain Cheese Factory,

FOR SALE OR EXCHANGE FOR CITY OR SUBURBAN PROPERTY.—One of the best Corron PLANTATION's on the St. Francis river, six miles west of Council Bend, on the Mississippi river, containing 1991 acres, about all out houses. This place is as high as any place on the river, and will make a bale to the acre. It is a very superior place and a very good trade will be given. The St. Francis river good trade of Capt. W. E. Cunningham one and a half miles from that team, parties have been "going for it" for some weeks past, with rich and bloom-ham, from which he is still suffering.

—We learn that the Rev. H. V. Brown is building at Chattanoga a large and commodicus house, which is intended as a parochial residence."
